Following our previous letter on 15/12/2015 announcing the participation of our company in the project “Better e-learning for all” we would like to inform you about the following:

- On 7 and 8/1/2016 took place in the University of Firat, in Elazig, Turkey the kick off meeting of the project.
- In the project meeting participated all the partners except the University of Ferrara for typical reasons.
- During the meeting the partners examined issues like the management of the project, the financial, the dissemination activities and the obligations of the partners until the next meeting which will take place in May 2016, in Ferrara.
- Each partner must make a “Situation Analysis” at local and national level, related with the use of the e-learning in his country.

The “Situation Analysis” results in the different countries will be uploaded on the website of the project and the websites of the partners. Your contribution for the collection of relevant information is very welcome.
