Lydia Tsigakou, representing DIAN and EURES TMS, attended the 1st Hotel Career Day 2022, which took place on March 19, 2022, in Chania, Crete and was organized by the Hotel Owners Association of Chania Prefecture.

The participants of the event were:

- Job seekers from the Hotel Industry in Greece and abroad.
- Hoteliers, looking for collaborators from Greece and abroad

Our representative presented the EURES TARGETED MOBILITY SCHEME program to the attendees of the event, many of whom registered on the platform after the presentation or during the event.

The entrepreneurs present were informed about the opportunities provided by the EURES Targeted Mobility Scheme so as to hire staff from another European country.

Jobseekers who attended the event, in addition to discussing with local hoteliers, received information about their option to travel abroad through the EURES TMS project which aims to facilitate the mobility of workers between European countries, Norway and Iceland.

If you are an entrepreneur and interested in participating in the program as a company to hire an EU employee or if you are an employee interested in working in another country, you can contact us in the following ways to learn more:
